Robert Venturi as a criticism of modern architecture and an explanation of his views on the postmodernist movement. Modern architects like Le Corbusier and Robert Venturi were critical of the social and urban effects of these designs, which is why they decided to critique it and to search for an architectural language that might ...

Venturi's Complexity and Contradiction in Architecture ...

Robert Venturi in Complexity and Contradiction in Architecture addresses architecture as the only place where redundant and simple construction, in thinking and in material reality, takes shape. All other art forms indulge and promote complexity in their art form especially in the multiplicity that occurs in poetry, fine art and even mathematics, which build on...
