4200 TapeStation  
System - Consumables  
Advice:

- o Only use Agilent accessories such as tips, 8-way strips, 96-well-plates and foil seal
- o 96 well plates should be sealed with foil to avoid evaporation
- o Be aware that tips and 96-well plates differ between 2200 and 4200 TapeStation system! No mix and match!

A: The Agilent 2200 TapeStation system can run anywhere from 1 to 95 samples. The Bioanalyzer is “chip-based” and can only fit 11 or 12 samples per run. Therefore, the service fee for Bioanalyzer run is charged on a per chip basis. Both Bioanalyzer and TapeStation can run cDNA or NextGen library samples. However, for
