The Shape Of The New

The Shape of the New (2015) introduces the central ideas of several members and heirs of the Enlightenment (Adam Smith; Marx; Darwin; and Jefferson and Hamilton), along with some of the major forces that have opposed it (fascism, fundamentalism in Christianity and Islam)—showing

how the state of the conflict came to be what it is.

The Shape of the New: Four Big Ideas and How They Made the ...

A testament to the enduring power of ideas, *The Shape of the New* offers unforgettable portraits of Adam Smith, Thomas Jefferson, Alexander Hamilton, Charles Darwin, and Karl Marx—heirs of the Enlightenment who embodied its highest ideals about progress—and shows how their thoughts, over time and in the hands of their followers and opponents, transformed the very nature of our beliefs, institutions, economies, and politics.

The Shape of the New | Princeton University Press

In *The Shape of the New: Four Big Ideas and How They Made the Modern World* these two professors take four ideas that they feel represent the most influential ones that resulted from the Enlightenment and explore how they influenced such far-reaching changes as to give shape to the modern world that we live in today.
