20 Inspiring Quotes From Women Around the World

Let's face it. Women make the world go around, literally. Yet despite juggling all of life's crazy demands — birthing and raising children, providing financial stability and preparing healthy, home-cooked meals while also trying to find time for exercise, time with friends, and the occasional moment of relaxation — women are still treated as “less than” in the workforce.

5 Top Issues Fueling Gender Inequality in the ... - As You Sow

For most countries, there are around 105 males per 100 female births. This is what the World Health Organization (WHO) estimates as the ‘expected’ sex ratio at birth: in the absence of gender discrimination or interference we'd expect there to be around 105 boys born per 100 girls, although this can range from around 103 to 107 boys per 100 girls.
